Instruction Manual

Vacuum Cleaner

RIFFEL

FORCE EXTREME

Model: VCB46A15F

Safety directions:

1. For the first operation, it is advisable to read the manual carefully before hand and keep it properly for future use.
2. Before the first operation, make sure the dust cup or the dust bag is properly installed.
3. Make sure the power supply is 220-240V~ 50/60Hz
4. Do not vacuum water and inflammable material.
5. Do not vacuum burning material and ashes.
6. Do not use the machine without a motor protection filter filled.
7. Please change the dust bag immediately when it is full.
8. Do not store or use the machine close to high temperature places.
9. Do not let children use the machine in case of danger.
10. If abnormal noise, smell, smoke or any other failure or breakage is found during the operation, you should turn off the switch and unplug it. Then contact with your service center for repair. Do not repair by yourself.

- 11.** If the supply cord is damaged, it must be replaced by the manufacturer or its service agent or a similarly qualified person in order to avoid a hazard.
- 12.** This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- 13.** Children should be supervised to ensure that they do not play with the appliance.

Warning

The plug must be removed from the power socket before any maintenance or replacement.

If the power cord is damaged, replace them only by the factory or maintenance center or similarly qualified persons.

Failure clearance

Less vacuum power of the cleaner

1. The cleaner can be used as tip the rubbish out of the full dust cup or the dust bag.
2. If blockage is found in ground brush, hose or tubes, the machine can be re-operated only after the blockage is cleared away.

Introduction of Product

VCB46A15F vacuum cleaner of clear lines and structure can produce centralized wind with less noise, adjust the operation speed, indicate full dust, and automatically rewind the wire, multi-level filter exchange, dust cup and dust bag two in one. Being convenient and flexible in cleaning dust, it is reliable and ideal household cleaning tool.
